Industrial Maid's filters are made from a premium blend of flame retardant and cellulose media. This material is especially designed for back pulse operations, and offers enhanced stability and structural integrity. All cellulose blend filters are dimpled pleated. This pleat lock helps maintain pleat spacing during operation.

Height:	26"
Outside Diameter:	13.9"
Inside Diameter:	9.5"
Gasket:	1/2 x 5/8 D-Gasket
Pleat Depth:	2"
Pleat Count:	355
